PRESENZA GLOBALE MOMO TIRES

MOMO TIRES GLOBAL PRESENCE

MOMO Tires conta ad oggi due sedi operative, la principale è sita a Firenze ed ha sia la gestione commerciale che logistica per tutto il mondo eccetto che per il mercato americano gestito da MOMO Tires Americas ad Irvine in California. Dal 2012 ad oggi MOMO Tires ha investito notevoli risorse per incrementare la produzione affidandosi ad impianti produttivi particolarmente all'avanguardia nel campo delle tecnologie e della ricerca. Ciò permette a MOMO Tires di garantire una sempre migliore performance dei suoi pneumatici; ad oggi possiede ben cinque stabilimenti partner. Il Vietnam ospita la sede produttiva del nuovo prodotto M300, mentre in Ungheria è situato lo stabilimento per la produzione del prodotto M30 Europa e del disegno M4 FourRun, pneumatico quattro stagioni. In Indonesia vengono prodotti gli pneumatici M8 HT&AT ed il Outrun M20. In Cina MOMO Tires si avvale di due impianti siti in Qingdao per la produzione di M30 TopRun, pneumatico run on flat ed a Guangrao per la produzione del basso di gamma e del winter.

Oggi MOMO Tires produce e commercializza circa 1ML di pezzi annui.

SEDI COMMERCIALI E PRODUTTIVE MOMO TIRES
MOMO TIRES HEADQUARTERS AND PRODUCTION FACILITIES

Today, MOMO Tires has two operational offices, the main one, located in Florence, handles worldwide commercial and logistic management, with the exception of the American market which is run by MOMO Tires Americas located in Irvine, California. From 2012 to date MOMO Tires has invested significant resources to increase production by relying on production facilities that are particularly advanced in the field of technology and research. This allows MOMO Tires to guarantee ever-improving performance for its tires. To date, production of MOMO Tires is made in 5 different partner plants. Brand new M300 product is from Vietnam, while M30 Europa and M4 FourRun All season patterns are manufactured in Hungary. In Indonesia MOMO Tires has located the production of M8 AT and HT patterns, together with M20 Outrun. Lastly, 2 plants in China. The first one, based in Qingdao, is the production site for M30 TopRun, also in Run Flat version. The second one, in Guangrao, is instead producing low end summer range and whole winter line-up.

Today MOMO Tires produces and sells about 1ML pieces annually.

LA NOSTRA STORIA

OUR HISTORY

MOMO nasce nel 1964, grazie alla grande passione per le corse automobilistiche e all'intuito di Gianpiero Moretti, gentleman driver divenuto poi fondatore dell'azienda. Da allora, MOMO ha ottenuto innumerevoli successi sui tracciati di tutto il mondo, che hanno rappresentato anche un formidabile terreno per testare **tecnologia, qualità e sicurezza** dei prodotti destinati alle strade di tutti i giorni. La filosofia costruttiva di MOMO è da sempre orientata verso prodotti che combinano alte prestazioni e massima sicurezza con artigianalità e design innovativo. La notorietà del marchio italiano è anche il risultato di un'attenta strategia di marketing e comunicazione, che ha costantemente accompagnato l'azienda nel corso della sua evoluzione. Oggi, forte di oltre cinquant'anni di storia ricchi di epiche battaglie in pista, memorabili vittorie e di prodotti che hanno fatto la storia dell'automobile, MOMO offre un'innovativa gamma di pneumatici ad alte prestazioni, progettati e realizzati con le più avanzate tecnologie.

MAKE YOUR CAR LIKE NO OTHER

MOMO's history began way back in 1964, thanks to the strong passion for motorsports and the intuition of Gianpiero Moretti, a gentleman driver who became its founder. Since its origins, MOMO has collected several victories in the most prestigious racetracks around the world that represent a unique testing ground to further develop **technology, quality and safety** of the products designed for everyday and road use. MOMO's philosophy has always been focused on delivering a superior product by combining safety and performance with optimum handicraft level and innovative designs. Furthermore, the Italian brand notoriety is also present due to a pioneering marketing and communication strategy prevailing in the company throughout its evolution. Today, capitalizing on its more than fifty years of history full of epic battles on the track, memorable victories and products that made an impact in the automobile marketplace, MOMO offers an innovative variety of high performance tires, designed and produced with the upmost advanced technologies.

PUNTI VENDITA / MOMO TEAM RETAIL NETWORK / MOMO TEAM

Nato nel 2016, il network **MOMO TEAM** identifica i punti vendita caratterizzati da un allestimento di alta qualità studiato su misura brandizzato **MOMO Tires**. Gigantografie, scaffalature, elementi visivi e di arredo che richiamano la natura sportiva del brand identificano i punti vendita appartenenti al network.

L'automobilista, entrando in un **MOMO Team**, ha la certezza di ottenere un servizio specializzato combinato ad un prodotto di alta qualità.

La rete **MOMO TEAM** conta ad oggi oltre 120 punti vendita in Italia e registra annualmente una crescita costante, garantendo così una copertura nazionale pressoché totale.

Born in 2016, **MOMO TEAM** network is identified by a high quality branded **MOMO Tires** layout, studied and tailor made according to shop's size. Giant posters, shelves, visual and fitment elements recall brand's sporting heritage and clearly identify network's point of sales.

When entering a **MOMO TEAM** shop, customer can rely on a specialized service together with a high quality product.

Today the **MOMO TEAM** network is present in Italy with over 120 points of sale. The network is expanding its presence year on year, achieving an almost total national coverage.

MAKE YOUR CAR LIKE NO OTHER

NUOVO / NEW

Il nuovo pneumatico MOMO TOPRUN M-300 è stato studiato per vetture e SUV di alta ed altissima gamma.

Comfort e sicurezza caratterizzano le performance di questo pneumatico, grazie ai quattro ampi canali longitudinali ed alle via di fuga laterali che permettono una eccellente tenuta di strada e riducono il rischio di aquaplaning in caso di asfalto bagnato. È stata posta molta attenzione all'aderenza sul bagnato per la quale sono stati effettuati i test presso il Centro Europeo IDIADA con rilascio di un report che ci ha permesso di marcare gli pneumatici con valore dell'etichetta A.

Adatto a vetture di tutto il mondo.

The new tire TOPRUN M-300 by MOMO has been designed for high and very high range cars and SUVs.

Comfort and safety characterize the performance of this tire, thanks to the four large longitudinal channels and lateral escape routes that allow excellent grip and reduce the risk of aquaplaning on wet roads. A lot of attention was paid to WET GRIP for which tests were carried out at the European IDIADA Center with the release of a report that allowed us to mark the tires with an A on the labelling value. Suitable for luxury cars all over the world.

PRO
OUTRUN M20
NOVITÀ 2023 PRO
OUTRUN M20

Il nuovo pneumatico estivo studiato per le **City Cars** fino al cerchio 16', sviluppato su una nuova tipologia di carcassa con telaggio di ultima generazione, offre un'ottima trazione su asfalto sia asciutto che bagnato, una bassa resistenza al rotolamento che migliora le prestazioni di consumo. Il suo disegno asimmetrico regala eccellenti performance con un perfetto bilanciamento di aderenza dello pneumatico al terreno in condizioni di asfalto sia asciutto che bagnato.

This new summer tire was designed for **City Cars** and is suitable for rims up to 16'; it was developed on a new type of casing with the latest generation chassis, offering excellent traction on dry as well as wet asphalt and a low rolling resistance that improves consumption performance.

Its asymmetrical design provides excellent performance with a perfect balance of tire to ground grip, in both dry and wet asphalt conditions.

Studiato appositamente per il trasporto leggero, **Mendex M7** è stato concepito per garantire la massima affidabilità e durata nel tempo, pur offrendo un ottimo livello di comfort e una buona maneggevolezza. La bassa rumorosità del suo battistrada riduce i decibel in abitacolo ed è dunque ideale per agevolare una prolungata permanenza alla guida del veicolo.

Specially designed for light transport, the **Mendex M7** was conceived to guarantee maximum reliability and durability over time, while offering an excellent level of comfort and good handling. The low noise level of its tread reduces the decibels in the cockpit and is therefore ideal to facilitate long time driving experience.
